Calendar Question (15 min)

- Students copy the date on the top of their journal page.
- Students copy the calendar question and answer it.
- Teacher walks around, checks, and stars sentences.
- Teacher models asking the question.
- Go around the room and have students ask and answer the calendar question one at a time.

Activity 1: Introduce Weekly Vocabulary (15 min)

- Write this week's vocabulary words on the board (refer to the **Vocabulary Master List** located in the worksheets tab).
- Tell students that these are the words they will be responsible for learning this week, and that they should write them down and practice them throughout the week.
- Go over the words as a class. Try giving examples, using the word in a sentence, or acting it out to convey the meaning.
- **Note:** Don't worry if students don't get all the words right away. They will be practicing using these words throughout the week.

Activity 2: Personal Information

- Invite one volunteer to the front of the class. Ask: *What's your name? What's your address? What's your phone number?* Do this 2-3 times with new volunteers each time. If students are understanding, have them practice asking each other in partners.

- Teach students that if they don't want to give out this information, they can say *That's personal*. Write this phrase on the board and practice it together.
- Next, hand out **Stand Out Basic Student Book pg. 38**.
 - **Part A:** Discuss the picture together.
 - **Part B:** This is a listening activity. Read the short paragraph aloud to the students 2-3 times, starting out slowly and speaking more fluently each time. Ask the students comprehension questions: *Who is the teacher? Where are they from? Where do they live now?*
 - **Part C:** Fill out the chart as a class.

Activity 3: Introduce Possessive Adjectives

- Write on the board: *My name is _____*.
- Model the sentence, then go around the room and ask every student to introduce themselves.
- Hand out **Stand Out Basic Student Book pg. 39**.
 - **Part D:** Ask students to look at the chart at the top of the page. Point out the relationship between the pronouns and the possessive adjectives. Drill students by pointing to a male student in the class and asking them to say: *His name is _____*. Then, point to a female student, prompting them to say: *Her name is _____*. Do this with groups of students to show all forms. (Their name is _____; Your name is _____.)
 - **Part E-F:** Model the first one or two sentences, then have students complete the page individually or with a partner. Circulate the class and help students as needed. Go through the answers together as a class.

Activity 4: Filling Out a Form (15 min)

- Pass out **Registration Form**.
 - Ask students to fill these out independently. Circulate the room and assist as needed. If they don't finish, they can take it home as homework.

Calendar Question (15 min)

- Students copy the date on the top of their journal page.
- Students copy the calendar question and answer it.
- Teacher walks around, checks, and stars sentences.
- Teacher models asking the question.
- Go around the room and have students ask and answer the calendar question one at a time.

Activity 1: Warm up/Review Weekly Vocabulary (15 min)

- Ask students what new words they remember from yesterday's class. Write these up on the board.
- Refine the list of words into this week's target list of vocabulary words, and write them on the board.
- Assign each student a word (it is okay if you have to repeat a couple of words).
- To review this week's vocab list, each student is going to take their word and write it in a sentence. It may be helpful to model this exercise before letting students work on their own (however, make sure they don't just copy your sentence for the exercise!).

Activity 2: Reading: What's Next? Introductory Book 1 (30 min)

- Pass out **What's Next? Introductory Book 1** page 4-5 "Introducing Samsam and Adam."
- Before you start reading the story, ask the students to look at the title. **Ask:** *What does "Introducing" mean? What do you think the story will be about?*

- Next, ask the students to look at the pictures. **Ask:** *Who are the people in the story? Where are they from? Are they happy?*
- Next, read the story aloud to the students as they listen and follow along on their papers.
- Now it's the students' turn to read! Ask the students to go around the room (round-robin style) and take turns reading each sentence of the story.

Activity 3: Reading Comprehension (15 min)

- Pass out **What's Next? Introductory Book 1** page 6.
- Complete together as a class.

Activity 4: Make Introductions (30 min)

- Write three phrases on the board:
 - This is...
 - Meet...
 - I want to introduce...
- Ask for three volunteers, and use one phrase to introduce the three different volunteers (ex: This is Abdi)
 - **Note:** Additionally, you may want to demonstrate that 'This is' is only used when introducing one person and is not used in the plural. The other two phrases, however, can be used in the plural.
 - You can also refer back to the story and show how 'This is' is used to introduce the characters (Samsam and Adam).
- Next, hand out copies of **Stand Out Basic Student Book** page 40.
 - **Skip** parts G and H
 - **Part I:** Tell students they will have to talk to 3 classmates and record their information. For #1, model the exercise by giving the students your own information (feel free to use a fake phone number/address) and helping them to fill out the chart.
 - **Part J:** Have each student choose one student that they interviewed and introduce them to the class using one of the phrases they learned.

- Go around the room and have students ask and answer the calendar question one at a time.

Activity 1: Warm Up/Review Weekly Vocabulary (15 min)

- **Vocab Ball Toss:** Bring a ball or small, soft object from the teacher room to class. Write the vocab words on the board in a list formation (refer to the vocabulary master list in the worksheets tab).
 - Model the activity by giving the ball to a student. Tell them to pick their favorite word off the board from the list. Instruct them to throw the ball, and as they throw they must say the word.
 - When you catch the ball, use the word in a sentence or define it. Repeat this with another student (they throw, you catch and answer).
 - Once students begin to understand, have them throw the ball to one another, saying a vocab word as they throw. The person who catches must always use that vocab word in a sentence OR define it. Do this until everyone has practiced throwing/catching at least once.

Activity 2: Grammar Practice: Possessive Adjectives (25 min)

- Start by passing out flashcards with a possessive adjective out and ask students to use them in a sentence. Write correct examples on the board.
- Review usage for possessive adjectives. You can pass out the chart on **Stand Out Basic Student Book** page 39, or create your own on the board for the students to reference.
- Practice using possessive adjectives orally by pointing to yourself and saying “My name is _____.” Ask students to repeat. Then point to various students to practice the different forms.
- Next, pass out **Stand Out Basic Workbook** page 30.
 - **Part G:** Model #1, and do #2 and #3 together as a class. Then ask the students to finish the exercises independently. Go over the answers as a class.
 - **Skip** parts H and I.

Activity 3: Reading: What’s Next? Introductory Book 1 (30 min)

- Pass out *What’s Next? Introductory Book 1* page 4-5 “Introducing Samsam and Adam.”
 - This is the second time students are reading this story this week, so don’t worry if they say they have already read this story!
 - Since they are already familiar with the story, ask students to get into partners and practice reading the story aloud together. Circulate and help students as needed.
 - Next, ask students to circle all of the possessive adjectives they can find in the story.
- Next, pass out **What’s Next? Introductory Book 1** page 8
 - Model #1 on the board, and do #2 together as a class.
 - Ask students to finish the rest of the exercises independently or with a partner.

Activity 4: Dictation (20 min)

- Pass out **What’s Next? Introductory Book 1** page 11.
- These are the same sentences from the worksheet they just completed, so make sure that they can’t look at the answers!
- Read aloud the sentences from the story while the students listen and copy on their papers (you can do #1 together if students seem confused about the activity).
- Try to limit repetition of sentences to 2-3 times.
- Go over answers together as a class.

- After brainstorming with the class, write these words on the board: *Who, What, Where, When, Why, How, Which*
- Next, present the **Question Word Pictures** (worksheets tab). As a class, decide which word goes with which picture (focus on what kind of answer each question word is looking for).

- Finally, ask students to get into partners and practice asking/answering the questions you created together.

Activity 3: Reading A Schedule (25 min)

- Tell students that for the next activity, they're going to focus on *When* (Go over what 'when questions' are asking).
- Pass out **Stand Out Basic Student Book** page 47.

Calendar Question (15 min)

- Students copy the date on the top of their journal page.
- Students copy the calendar question and answer it.
- Teacher walks around, checks, and stars sentences.
- Teacher models asking the question.
- Go around the room and have students ask and answer the calendar question one at a time.

Activity 1: Review Weekly Vocabulary (15 min)

- Ask students what new words they remember from yesterday's class. Write these up on the board.
- Refine the list of words into this week's target list of vocabulary words, and write them on the board.
- Assign each student a word (it is okay if you have to repeat a couple of words).
- To review this week's vocab list, each student is going to take their word and write it in a sentence. It may be helpful to model this exercise before letting students work on their own (however, make sure they don't just copy your sentence for the exercise!).

Activity 2: Reading: What's Next? Introductory Book 1 (30 min)

- Pass out **What's Next? Introductory Book 1** page 28-29 "Samsam's Morning Routine"
- Before you start reading the story, ask the students to look at the title. **Ask:** *What does 'routine' mean? What do you think the story will be about?*

- Next, ask the students to look at the pictures. Discuss together what is happening in the pictures.
- Next, read the story aloud to the students as they listen and follow along on their papers.
- Now it's the students' turn to read! Ask the students to go around the room (round-robin style) and take turns reading each sentence of the story.

Activity 3: Reading Comprehension (15 min)

- Pass out **What's Next? Introductory Book 1** page 30.
- Complete together as a class.

 - Ask students to look at the title and predict what the video will be about.
 - **Ask:** *How's the weather? What clothes do you need in this weather?*
- **Part A:**
 - Ask students to look at the picture. **Ask:** *What are the people doing?*
 - Go over the questions with students to elicit answers.
 - Discuss the answers as a class.
- **Part B:**
 - Ask students to watch the video once so that they can get familiar with the speed and understand the gist.
 - Read the words and ask students to repeat.
 - Play the video again and ask students to circle the words they hear.
- **Part C:**
 - **Ask:** *What happens in the story?*
 - Ask students to read the sentences and put them in the correct order.
 - Ask students to check their answers in pairs. Then, discuss as a class.

-

Calendar Question (15 min)

- Students copy the date on the top of their journal page.
- Students copy the calendar question and answer it.
- Teacher walks around, checks, and stars sentences.
- Teacher models asking the question.
- Go around the room and have students ask and answer the calendar question one at a time.

Activity 1: Review Weekly Vocabulary (15 min)

- **Vocab Ball Toss:** Bring a ball or small, soft object from the teacher room to class. Write the vocab words on the board in a list formation (refer to the vocabulary master list in the worksheets tab).
 - Model the activity by giving the ball to a student. Tell them to pick their favorite word off the board from the list. Instruct them to throw the ball, and as they throw they must say the word.
 - When you catch the ball, use the word in a sentence or define it. Repeat this with another student (they throw, you catch and answer).
 - Once students begin to understand, have them throw the ball to one another, saying a vocab word as they throw. The person who catches must always use that vocab word in a sentence OR define it. Do this until everyone has practiced throwing/catching at least once.

Activity 2: Reading: What's Next? Introductory Book 1 (30 min)

- Pass out **What's Next? Introductory Book 1** "Samsam's Morning Routine" page 28-29.

- This is the second time students are reading this story this week, so don't worry if they say they have already read this story!
- Since they are already familiar with the story, ask students to get into partners and practice reading the story aloud together. Circulate and help students as needed.
- Ask students to look at the different times in the story. **Ask:** *What time does Samsam get up? What time does Adam wake up? What time does Carmen ring the doorbell?*

Activity 3: Sentence Practice (20 min)

- Pass out **What's Next? Introductory Book 1** page 31.
- Go through the words in the word bank together--focusing on pronunciation of the short *i*.
- Ask students to copy the sentences as you read them aloud.

Activity 4: Dictation (25 min)

- Pass out **What's Next? Introductory Book 1** page 35 (you can find the script in the back of the book on page 47).
- These are the same sentences from the worksheet they just completed, so make sure that they can't look at the answers!
- Read aloud the sentences from the story while the students listen and copy on their papers (you can do #1 together if students seem confused about the activity).
- Try to limit repetition of sentences to 2-3 times.
- Go over answers together as a class.

 - **Stand Out Basic Student Book** page 115-116

 - Activity 3: Classify Community Places
 - Activity 4: Grammar
-

Calendar Question (15 min)

- Students copy the date on the top of their journal page.
- Students copy the calendar question and answer it.
- Teacher walks around, checks, and stars sentences.
- Teacher models asking the question.
- Go around the room and have students ask and answer the calendar question one at a time.

Activity 1: Warm Up (15 min)

- To get the students thinking about today's lesson (shopping), create a list of things you need to buy on the board. Include *shoes*, *food for dinner*, *a hamburger*, and *medicine*. As a class, list stores where you might buy these items. Use specific store names.

Activity 2: Introduce Weekly Vocabulary (15 min)

- Write this week's vocabulary words on the board (refer to **Vocabulary Master List** in the worksheets tab)
- Tell students that these are the words they will be responsible for learning this week, and that they should write them down and practice them throughout the week.
- Go over the words as a class. Try giving examples, using the word in a sentence, or acting it out to convey the meaning.
- **Note:** Don't worry if students don't get all the words right away. They will be practicing using these words throughout the week.

Activity 3: Classify Community Places (25 min)

- Pass out **Stand Out Basic Student Book** page 115

- **Part D:** Ask students to look at the street scene. Go over the different locations as a class. Then, ask students to get into partners and quiz each other--Student A says a location and Student B points to it in the picture (You can try modeling the activity with one of the more advanced students in the class if students are having a hard time understanding the activity).
- **Part E:** Do this activity together as a class.
- **Skip Part F**

Activity 4: Grammar: Yes/No Questions and 'Which' (30 min)

- Pass out **Stand Out Basic Student Book** page 116.
 - **Part G:**
 - First, model asking the questions in the box with the correct intonation (going up at the end of the question). It's okay to over-emphasize a bit so the change in intonation is clear.
 - Next, ask students to repeat the questions after you. Using physical movement to emphasize the change in intonation may be useful here (e.g. stretching a rubber band or standing up at the end of the question). Point out that these are questions that ask for a yes/no answer.
 - Finally, go over the different ways to answer these questions according to the table (*Yes I do, No I don't*). Have students practice asking and answering the questions from the table in partners.
 - **Part H:**
 - Remind students of "question words" (who, what, where, when, how, why, which). For this activity you are going to focus on *which*.
 - Show students how *which* is used when there is a choice between items and how it is followed by a noun.
 - Read the dialog aloud to the class. Next, model the dialog with one of the more advanced students in the class. Then, have students practice the dialog in partners.
 - **Skip Part I**

Lesson 18

-

Calendar Question (15 min)

- Students copy the date on the top of their journal page.
- Students copy the calendar question and answer it.
- Teacher walks around, checks, and stars sentences.
- Teacher models asking the question.
- Go around the room and have students ask and answer the calendar question one at a time.

Activity 1: Review Prepositions of Location (15 min)

- Write the prepositions of location on the board (behind, on, between, next to, in front of, in) and number them 1-6.
- Next, ask each student to roll a die. Whatever number they roll should correspond with a preposition of location.
- Finally, each student should take his/her preposition of location and make a sentence out of it using objects in the room. Have students share their sentences with the class.

Activity 2: Reading: What's Next? Introductory Book 1 (30 min)

- Pass out **What's Next? Introductory Book 1** page 36-37 "A Ride to School"
- Before you start reading the story, ask the students to look at the title. **Ask:** *What does 'a ride' mean? What do you think the story will be about?*
- Next, ask the students to look at the pictures. Discuss together what is happening in the pictures.
- Next, read the story aloud to the students as they listen and follow along on their papers.
- Now it's the students' turn to read! Ask the students to go around the room (round-robin style) and take turns reading each sentence of the story.

Activity 3: Giving Directions (45 min)

- Pass out **Stand Out Basic Student Book** page 126
 - **Part A:**
 - Ask students to point to locations as you say them aloud. Start by using the names of the places. Then, change to sentences that describe the locations. For example: *This is a place where people go to get medicine.* Write important words on the board, such as *medicine*. Ask more questions and see if students can identify the places by their description. Repeat the same drill. This time, identify locations by what they are next to.
 - Discuss the grammar box with students. This rule doesn't always apply, but following it will help students avoid many common errors: Use the definite article *the* with most general words for places, but don't use *the* with proper nouns. Names of streets would not use *the*. Don't worry about covering exceptions to the rule right now.
 - **Part B:**
 - Ask students to complete this activity individually, then correct together as a class.
- Pass out **Stand Out Basic Student Book** page 127
 - **Part D:** Go over which way is left and which way is right. Then ask students to fill in the blanks using the word bank.
 - **Part E:** Do this activity as a class. Point out that they will use the vocabulary from Exercise C. If you have time, ask students to close their books and do a dictation of three of the sentences.
 - **Skip Part F**
- **NOTE:** *There are some extra map materials available for extra practice or more interactive activities. Ask your volunteer coordinator!*

 - **Part B:**
 - Ask students to watch the video and complete the conversation between Naomi and Hector.
 - Read the words in the box. Then, play the video at least three times. Use the pause button if necessary
 - **Part C:**
 - For this part, use the **Conversation Strips** (worksheets tab) rather than the exercise in the book. Put the students in partners and have them put the sentences in order to create a conversation. Circulate and check students' work.
 - Once they've put the sentences in order, have students practice the conversation in their partners. If there is time, ask for 1-2 groups to perform their conversation for the class.

students to follow your lead and ask questions. *Travel* may be a new word for students, but see if they can guess the meaning based on context.

Activity 3: Grammar: Simple Present (40 min)

- Pass out **Stand Out Basic Student Book** page 123.
 - **Part A:** This is a listening exercise. Read each bio as students listen and fill in the blanks. The answers are: 1) Bus, 2) Ride, 3) Apartment.
 - **Part B:** Ask students to use the information from Part A to fill in the chart. Model the activity by filling in the information for James as a class.
 - **Skip Part C**
- Pass out **Stand Out Basic Student Book** page 124.
 - **Part D:** Go over the simple present with students. Help them understand that they can use any of the available pronouns in the box on the left to form a sentence. - Ask the students to form a circle with you. Then, modeling the activity, turn to the student next to you and **Ask:** *How do you get to school?* Once the student has answered (using the correct verb in simple present), have them turn to the student next to them and repeat the question. Go all the way around the circle correcting grammar/pronunciation as needed.

- Pass out **What's Next? Low Beginning Book 2** page 13.
- This worksheet is similar to what the students have been doing, but now they will have to rewrite the sentences/correct when necessary.
- Point out the word bank at the top of the page. Model #1 for the students, do #2 as a class, and ask the students to complete the rest of the exercises individually.
- Correct as a class.

Activity 4: Grammar (25 min)

- Pass out **Stand Out Basic Student Book** page 93.
 - **Part C:** Go over the colors quickly (students should already know these for the most part). Then, go over adjective position as a class (in English, the adjective should go before the noun).
 - **Part D:** Go over the meaning of small, medium, large, and extra-large. Point out the abbreviations for each word.
 - **Part E:** Go through the example together, then ask students to complete the rest of the table individually. Correct as a class.
- Pass out **Stand Out Basic Student Book** page 94.
 - **Part F:** Teach *there is* and *there are* and prepare students to do Exercise G for practice. Show them how to substitute the underlined information with other information from the inventory on the previous page. Make sure you remind students about adjective order.
 - **Part G:** Help as needed. If there is time, ask for volunteers to present the conversation to the class.
 - **Skip Part H-I**

Lesson 27

At the Store: Part One

Materials:

- A ball or small, soft object (teacher room)
 - **What's Next? Low Beginning Book 2** page 12
 - **Making Change Money Slips** (worksheets tab) --you will need to cut these out before class.
 - Fake Money (Teacher Room)

 - Activity 2: Reading
 - Activity 3: Counting Money
 - Activity 4: Grammar: How much is / how much are
-

Calendar Question (15 min)

- Students copy the date on the top of their journal page.
- Students copy the calendar question and answer it.
- Teacher walks around, checks, and stars sentences.
- Teacher models asking the question.
- Go around the room and have students ask and answer the calendar question one at a time.

Activity 1: Review Weekly Vocabulary (15 min)

- **Vocab Ball Toss:** Bring a ball or small, soft object from the teacher room to class. Write the vocab words on the board in a list formation (refer to the **Vocabulary Master List** in the worksheets tab).
 - Model the activity by giving the ball to a student. Tell them to pick their favorite word off the board from the list. Instruct them to throw the ball, and as they throw they must say the word.
 - When you catch the ball, use the word in a sentence or define it. Repeat this with another student (they throw, you catch and answer).
 - Once students begin to understand, have them throw the ball to one another, saying a vocab word as they throw. The person who catches must always use that vocab word in a sentence OR define it. Do this until everyone has practiced throwing/catching at least once.

Activity 2: Reading: What's Next? Low Beginning Book 2 (20 min)

- Pass out **What's Next? Low Beginning Book 2** "Buying School Supplies" page 12.
 - This is the second time students are reading this story this week, so don't worry if they say they have already read this story!
 - Since they are already familiar with the story, ask students to get into partners and practice reading the story aloud together. Circulate and help students as needed.
 - When students have finished reading, discuss the story. **Ask:** *What are Samsam and Adam Buying? What's on sale? How much does it cost?*

Activity 3: Counting Money (30 min)

- Pass out **Making Change Money Slips** (one per student, located in worksheets tab).
- Next, give each student some money, making sure everyone gets a little of every type of coin/bill (a tray of fake money can be found in the teacher room with the math materials).
- Ask students to work individually to count out their designated amounts. Circulate the class to assist students and check their work.
- Once everyone has correctly counted their money, ask the students to pass their slip to the right and count out their new amount.
- Repeat this process until the whole activity has lasted about 30 minutes (or everyone has counted all slips).

Activity 4: Grammar: How much is/how much are (25 min)

- To introduce this grammar structure, first review the conjugations for the verb *Be* (I am, he/she is, we/they are).
 - Point out how 'is' is singular and 'are' is plural.
- Next, **write on the board:** *how much is / how much are*
- **Ask:** *how are these different? What is the rule?* See if the students can make the connection and figure out the rule on their own before giving an explanation.
 - **RULE:** *how much is* is used for singular objects and *how much are* is used for plural objects. This includes objects that are "a pair" (socks, pants, etc.) which the class learned about earlier in the week.
- Pass out **Stand Out Basic Workbook** page 75
 - **Part A:** Read through the ads together, asking students *How much is/how much are...* Then answer the questions together as a class.
 - **Part B:** Ask students to complete this part individually or as homework.

Calendar Question (15 min)

- Students copy the date on the top of their journal page.
- Students copy the calendar question and answer it.
- Teacher walks around, checks, and stars sentences.
- Teacher models asking the question.
- Go around the room and have students ask and answer the calendar question one at a time.

Activity 1: Introduce Weekly Vocabulary (15 min)

- Write this week's vocabulary words on the board (refer to **Vocabulary Master List** in the worksheets tab)
- Tell students that these are the words they will be responsible for learning this week, and that they should write them down and practice them throughout the week.
- Go over the words as a class. Try giving examples, using the word in a sentence, or acting it out to convey the meaning.
- **Note:** This week students are learning common foods. For this vocabulary there are picture cards located in the worksheets tab.

Activity 2: Common Foods (20 min)

- Pass out **Stand Out Basic Student Book** page 63.
 - **Part C:** Go over the picture/words with the whole class. These are very high-frequency words that the students are most likely already familiar with, so this should be a quick exercise.

- **Part D:** Fill in a couple of the blanks all together, demonstrating to students how to match the letter with the word, and write it in the blank. Then ask students to complete the exercise in pairs. Circulate the room and assist as needed.
- **Note:** If you would like to extend the life of this worksheet, try asking some questions using other vocabulary words from the week. For example: *Which foods are for breakfast? Lunch? Dinner? What foods are in your fridge?*

Activity 3: Grammar: Count / Non Count (25 min)

- Still using **Stand Out Basic Student Book** page 63, ask students to circle all of the foods that end with an 's'.
- Once students have found all the foods that end in 's', explain that these foods are foods we count (compare to bread, which is always singular unless you specify a unit--such as *slices* of bread).
- Next, write two phrases on the board: *Where is the / Where are the*
 - Remind students that *is* is singular and *are* is plural.
- Sort the foods together as a class.

Activity 4: Grammar: Want, Like, Eat (25 min)

- Pass out **Worksheet: Simple Present: like, eat, want** (worksheets tab).
- Go over the chart together. Demonstrate how to put the subject and verb together to form a sentence.
- Next, do the first two exercises together. Show students that they will need to conjugate the word in parenthesis to match the subject of the sentence.
- Ask students to complete the rest of the exercises independently. Circulate the room and check answers.
- If there is time, go over the answers as a class.

- Students copy the calendar question and answer it.
- Teacher walks around, checks, and stars sentences.
- Teacher models asking the question.
- Go around the room and have students ask and answer the calendar question one at a time.

Activity 1: Review Weekly Vocabulary (15-20 min)

- This week to review vocabulary, you and the students will play “Around the World” using the **Food Picture Cards** (worksheets tab).
- To play this game, pick one volunteer to stand up and get behind another student. Then, hold up one of the picture cards--the first of the two students to guess the correct word moves behind the next student. If the standing student loses, he/she will sit down and the other student will take his/her place.
- If a student makes it all the way around the room (“around the world”), they win!

Activity 2: Reading: What's Next? Low Beginning Book 2 (25 min)

- Pass out **What's Next? Low Beginning Book 2** page 28 “Planning a Celebration”
- Before you start reading the story, ask the students to look at the title. **Ask:** What does ‘planning’ mean? What about ‘Celebration’? What do you think the story will be about?
- Next, ask the students to look at the picture. Discuss together what is happening in the pictures.

- Next, read the story aloud to the students as they listen and follow along on their papers.
- Now it's the students' turn to read! Ask the students to go around the room (round-robin style) and take turns reading each sentence of the story.

Activity 3: Reading Comprehension (20 min)

- Pass out **What's Next? Low Beginning Book 2** page 29.
- Point out the word bank at the top of the page. Model #1 for the students, do #2 as a class, and ask the students to complete the rest of the exercises individually.
- Correct as a class.

Activity 4: Grammar: Express Thirst/Hunger (25-30 min)

- Before passing out the worksheet, review the verb *BE* as a class--write the subjects on the board (I, he, she, we, you, they) and ask the students for the correct conjugation (am, is, are).
- Pass out **Stand Out Basic Student Book** page 66.
 - **Part D:** Review *hungry* and *thirsty* to students by looking at the pictures of Saul and Chen. Then, go over the grammar table with students and have them repeat the sentences after you. To help with comprehension, you can give them actions to demonstrate what they are saying, such as rubbing their stomach for hungry and shaking their head for negative statements.
 - **Part E:** Do the example as a class. Show students how the second sentence is negative. Then, ask the students to complete the remaining exercises individually (any that don't get finished can be homework).

- Students copy the calendar question and answer it.
- Teacher walks around, checks, and stars sentences.
- Teacher models asking the question.
- Go around the room and have students ask and answer the calendar question one at a time.

Activity 1: Review Weekly Vocabulary (15 min)

- For the final activity, pass out a small whiteboard and whiteboard marker (find in teacher room) to each student.
- Ask students to put all of their materials away so they can't use them for reference. Then, using the **Food Picture Cards**, hold up one picture at a time and have students write the correct word on their whiteboards. When they've finished writing, have them hold up their whiteboard and check their answers.

Activity 2: Reading: What's Next? Low Beginning Book 2 (30 min)

- Pass out **What's Next? Low Beginning Book 2** "Planning a Celebration" page 28.
 - This is the second time students are reading this story this week, so don't worry if they say they have already read this story!
 - Since they are already familiar with the story, ask students to get into partners and practice reading the story aloud together. Circulate and help students as needed.

- When students have finished reading, discuss the story. Focus on the recipe piece (you may need to go over some new words such as directions, cut up, and chop). See if the students can figure out what food Samsam will make based on the ingredients listed.

Activity 3: Reading a Recipe (25 min)

- Pass out **Stand Out Basic Student Book** page 68.
 - **Part A:** Write *Spaghetti* on the board. Ask students if they like spaghetti. Next, read through the list of ingredients, focusing on the words *jars*, *package*, and *pound*.
 - **Part B:** Ask students to answer the questions. Go through the example together to prepare students for independent practice. Go over the answers together.
 - **Skip Part C**

Activity 4: Singular and Plural Nouns (20 min)

- Before handing out the worksheet, pantomime making a cake. Crack a few eggs into a bowl and stir them up. Add flour and milk. Say what you are doing throughout: *I'm cracking three eggs and mixing them with flour and milk*. Stop and do it again. Repeat this a few times. Then, **ask:** *How many eggs?* **Write on the board:** *How many?* Try to elicit the answer from the students before giving it to them.
- Pass out **Stand Out Basic Student Book** page 69.
 - **Part D:** Go through the chart as a class. Show students how the plurals of regular nouns are formed. Use some additional examples that are not in the book. Also, introduce the various pronunciations of the final *s* here (sometimes the final *s* is problematic for students because they may not fully pronounce final consonants.)
 - **Part E:** Fill out the chart together. Model the pronunciation of the final *s* for each word and ask students to repeat after you. Once you have completed the chart, ask students to practice the conversation with a partner. Demonstrate the activity with one of the more advanced students in the class--show how to substitute the difference foods from the table.

- Tell students that these are the words they will be responsible for learning this week, and that they should write them down and practice them throughout the week.
- Go over the words as a class. Try giving examples, using the word in a sentence, or acting it out to convey the meaning.
- **Note:** Don't worry if students don't get all the words right away. They will be practicing using these words throughout the week.

Activity 2: Body Parts (30 min)

- Erase the vocabulary words from the board except for the body parts (head, back, hand, foot, neck, arm, leg, nose). The students can use this for reference for this activity.
- Pass out **Stand Out Basic Workbook** page 92.
 - **Part A:**
 - Model #1. Show how to look at the list of body parts and put the letters in the correct order.

- Do #2 as a class. Ask prompting questions such as: *How many letters are there? What other words have 4 letters? Etc...*
- Ask students to finish the remaining exercises either independently or with a partner.
- Once everyone has finished, go over the answers as a class.
- **Part B:** Ask students to work independently or with a partner to label all of the body parts in the picture.

Activity 3: Grammar: Imperatives (45 min)

- Pass out **Stand Out Basic Student Book** page 140.
 - **Part G:** Go over the grammar chart with students. Help them to see how imperatives (or commands) imply the subject pronoun *you*, but the pronoun is not explicitly used. Take this opportunity to go over the new vocabulary with students as well. Say the statements and see if they can point to the body part each statement implies.
 - **Part H:**
 - Go over the conversation with students and help them use proper intonation and rhythm. Show them how to use the other statements in the conversation from Part G.
 - Ask students to make new conversations. Have them substitute the underlined actions with new ones from Part G. Then, ask students to practice the conversation with a partner. Circulate the room and assist students as needed.
 - **Part I:** Ask students to complete the list. Tell them they can again use the vocabulary words on the board to complete this activity. Then ask a few students to share their answers.

Activity 1: Review Weekly Vocabulary (15 min)

- Today for vocabulary review, focus on illnesses and symptoms (headache, backache, stomachache, fever, cold, runny nose, sick, sore throat, cough). Write these words on the board before beginning the activity for reference.
- To practice symptoms and illnesses, you will be playing charades! Hand out the **Symptoms Slips** (worksheets tab, one per student).
- Keep one slip for yourself, and model the activity by pantomiming your symptom and asking the class to guess the word.
- One at a time, have each student act out their symptom while the rest of the class tries to guess.

Activity 2: Life Skills: Do You See the Doctor? (25 min)

- Before you hand out the worksheet, write the word *cold* on the board. Ask students what they think the symptoms might be. Create a list on the board.
- Pass out **Stand Out Basic Student Book** page 142.
 - **Part D:** Ask students to read the paragraph. Then, ask them to circle the symptoms they find in the paragraph. Finally, ask students to write the

symptoms on the lines below. Do this activity as a class -- it will help students learn to scan for specific information in a text.

- **Part E:** Show students how to read the table (rows vs. columns). Then ask them to do this activity independently.
- **Part F:** Ask students to discuss their answers in partners. Circulate the room and monitor their conversations.

- Now it's the students' turn to read! Ask the students to go around the room (round-robin style) and take turns reading each sentence of the story.
- **Check Comprehension:** To check students' understanding of the story, ask some basic questions such as: *Where do they live? What do they do on the weekend? When do they go home?*

Activity 4: Grammar: Simple Present (have vs. be) (25 min)

- Write *have* and *be* on the board.
- Before passing out the worksheet, point out to the students that with symptoms or specific diseases, we use the verb *have* (e.g. *I have a headache. I have a cold.*). However, if you want to say that you are sick in general, use the verb *be* (e.g. *I am sick.*)
- Next, pass out **Stand Out Basic Student Book** page 143.
 - **Part G:** Review together how to conjugate *have* and *be* in the simple present.
 - **Part H:** Go over #1 with students and ask them to complete the rest of the exercise independently. When they have finished, ask them to go over their answers with a partner.
 - **Part I:** Have the students practice the conversation in partners if there is time.

Activity 3: Identifying Medicine (15 min)

- Pass out **Stand Out Basic Student Book** page 145.
 - **Part D:** Go over the medicines and make sure students understand the vocabulary.
 - **Skip part E**

Activity 4: Grammar: Simple Present (40 min)

- Pass out **Stand Out Basic Student Book** page 146.
 - **Part F:** Go over the chart with the class. Point out to students that the verb *need* follows the same pattern as other verbs they've learned in simple present (such as *want*). You can also define the meaning of need by comparing/contrasting it to *want*.
 - **Part G:** Go over the example together. Point out that they will have to both conjugate the verb as well as fill in the appropriate medicine based on the symptom. This may be a bit challenging for students, so ask them to work in partners and circulate the room to assist.
 - **Skip Part H-I**
- Next, pass out the **Dialog Worksheet** (worksheets tab).
 - Ask students to get into pairs. For this activity, they will have to work together to fill in the missing verbs, symptoms, and corresponding medicine. Answers will vary depending on what students decide to fill in as a symptom.
 - Once they have filled out the dialog, ask them to practice it with their partner. If there is time, ask for volunteers to perform their dialog for the class.

 - **Part B:** Ask students to practice the conversation with a partner.

Activity 3: Grammar: Introduce Negative Simple Present (40 min)

- Before passing out **Stand Out Basic Student Book** page 148, read aloud *Huang's Story* from **Part C** and ask students to listen. Write the four categories on the board. Ask students to see if they can hear the information that goes with each one. The finished product should look something like this:

EXERCISE	<i>1 hour per day</i>
SMOKE	<i>Doesn't smoke</i>

 - **Part E:**
 - Go through the charts as a class. Focus on the third person singular and show how the *s* is deleted in the negative.
 - Go over together when to use *don't/doesn't*. Read the example sentences, and then create some sentences together to practice for the next activity.
 - **Part F:** Go over the example together. Make sure students know to refer to Part C so they know when to use the negative. Ask students to complete Part F independently. Circulate the room and assist as needed. Go over the answers as a class.

- Students copy the calendar question and answer it.
- Teacher walks around, checks, and stars sentences.
- Teacher models asking the question.
- Go around the room and have students ask and answer the calendar question one at a time.

Activity 1: Review Weekly Vocabulary

- Ask students what new words they remember from yesterday's class. Write these up on the board.
- Refine the list of words into this week's target list of vocabulary words (refer to the **Vocabulary Master List**), and write them on the board.
- Assign each student a word (it is okay if you have to repeat a couple of words).
- To review this week's vocab list, each student is going to take their word and write it in a sentence. It may be helpful to model this exercise before letting students work on their own (however, make sure they don't just copy your sentence for the exercise!).

Activity 2: Grammar: Introduce Present Continuous (35 min)

- Pass out **Stand Out Basic Student Book** pg. 150.
 - **Part A:** Make sure students know what each word means. Look at the picture and create sentences together using the present continuous (be+verb+ing).
 - **Skip Part B**
- Pass out **Stand Out Basic Student Book** pg. 151.

- **Part C:** Now that students have been exposed to the present continuous, it is time to teach the form. Using the table, review the different forms of *Be*. Show the students how to put together the different pieces like a 'formula' to create sentences.
- **Skip Part D**
- **Part E:** Since this is the first time students are learning how to form the present continuous, do this activity as a class as part of the presentation. Show students the role *now* plays with the present continuous.
- **Part F:** Put students in pairs and have them practice asking and answering the questions together. Exercise E contains the answers to the questions.

Activity 3: Reading: What's Next? Low Beginning Book 3 (30 min)

- Pass out **What's Next? Low Beginning Book 3** page 12 "Rainy Weather"

Health and Environment: Part Two

Materials:

- **Vocabulary Master List** (worksheets tab)
 - Ball or small, soft object (teacher room)
 - **Stand Out Basic Student Book** page 151
 - **What's Next? Low Beginning Book 3** page 12
 - **Dialog Worksheet** (worksheets tab)

-

Calendar Question (15 min)

- Students copy the date on the top of their journal page.
- Students copy the calendar question and answer it.
- Teacher walks around, checks, and stars sentences.
- Teacher models asking the question.
- Go around the room and have students ask and answer the calendar question one at a time.

Activity 1: Review Weekly Vocabulary (15 min)

- **Vocab Ball Toss:** Bring a ball or small, soft object from the teacher room to class. Write the vocab words on the board in a list formation (refer to the **Vocabulary Master List** in the worksheets tab).
 - Model the activity by giving the ball to a student. Tell them to pick their favorite word off the board from the list. Instruct them to throw the ball, and as they throw they must say the word.
 - When you catch the ball, use the word in a sentence or define it. Repeat this with another student (they throw, you catch and answer).
 - Once students begin to understand, have them throw the ball to one another, saying a vocab word as they throw. The person who catches must always use that vocab word in a sentence OR define it. Do this until everyone has practiced throwing/catching at least once.

Activity 2: Review Present Continuous (25 min)

- Review the chart on page 151 in the **Stand Out Basic Student Book**. Remind students of how to put together the different pieces like a 'formula' to create sentences.
- Next, tell students they are going to write 3 original sentences about themselves/their classmates using the present continuous. Model the activity by creating one example sentence (e.g. *I am teaching now*).
- Once students have finished writing their sentences, invite three volunteers to write a sentence on the board. Correct the sentences as a class.

Activity 3: Reading: What's Next? Low Beginning Book 3 (30 min)

- Pass out **What's Next? Low Beginning Book 3** "Rainy Weather" Page 12.
 - This is the second time students are reading this story this week, so don't worry if they say they have already read this story!
 - Since they are already familiar with the story, ask students to get into partners and practice reading the story aloud together. Circulate and help students as needed.
 - When students have finished reading, discuss the story. Ask students to find and circle all of the examples of present continuous in the story. Go over the answers as a class. (You may also want to point out to students that words like *it's* and *they're* are abbreviations, and thus still use the same form they have been learning).

Activity 4: Dialog Practice (20 min)

- For the final activity, pass out the **Dialog Worksheet** (worksheets tab) -- a phone conversation between a doctor and a receptionist.
- Read through the dialog as a class. Then ask students to practice in partners as you circulate and correct pronunciation. Once students have finished, ask them to switch parts.
- If there is time, ask some volunteers to go to the front of the class and perform their dialog.

Calendar Question (15 min)

- Students copy the date on the top of their journal page.
- Students copy the calendar question and answer it.
- Teacher walks around, checks, and stars sentences.
- Teacher models asking the question.
- Go around the room and have students ask and answer the calendar question one at a time.

Activity 1: Introduce Weekly Vocabulary (15 min)

- Write this week's vocabulary words on the board (refer to **Vocabulary Master List** in the worksheets tab)
- Tell students that these are the words they will be responsible for learning this week, and that they should write them down and practice them throughout the week.
- Go over the words as a class. Try giving examples, using the word in a sentence, or acting it out to convey the meaning.
- **Note:** Don't worry if students don't get all the words right away. They will be practicing using these words throughout the week.

Activity 2: Identify Occupations (40 min)

- Before handing out the worksheet, play charades by using index cards or scraps of paper with occupations written on them (cashier, doctor, bus driver, student, salesperson, teacher). Give six student volunteers each a card and have them act out the occupation on that card as the rest of the class tries to guess.
- Next, hand out **Stand Out Basic Student Book** page 163.

- **Part D:** Go through the occupations and look at the pictures. For extra practice, students can point as you say: *He's a cashier. She's a doctor.* Etc.
- **Part E:** Write the dialog on the board. Practice the dialog as a class, and show students how to substitute the information from exercise D to change the conversation. Then ask students to practice the dialog in pairs.
- **Part F:** Go over the example together. Review briefly how to form the simple present with *be*. Demonstrate to students how to use the information from exercise D to create new sentences. Ask students to finish the exercise independently. When everyone has finished, go over the answers as a class.

Activity 3: Organize Information (35 min)

- Hand out **Stand Out Basic Workbook** page 109.
 - **Part B:** Go over how to read the table together. Review the community places and show students that they will use the words from the word bank. Do one or two words together, and then ask students to complete the rest independently. When everyone has finished, go over the answers as a class.
 - **Skip Part C**
 - **Part D:** If there is time, go over the charts for *work*. Show students how this follows the same rule as other verbs they have learned this semester (live, ride, eat, need, etc.)

- Students copy the calendar question and answer it.
- Teacher walks around, checks, and stars sentences.
- Teacher models asking the question.
- Go around the room and have students ask and answer the calendar question one at a time.

Activity 1: Review Weekly Vocabulary (15 min)

- Ask students what new words they remember from yesterday's class. Write these up on the board.
- Refine the list of words into this week's target list of vocabulary words (refer to the **Vocabulary Master List**), and write them on the board.
- Assign each student a word (it is okay if you have to repeat a couple of words).
- To review this week's vocab list, each student is going to take their word and write it in a sentence. It may be helpful to model this exercise before letting students work on their own (however, make sure they don't just copy your sentence for the exercise!).

Activity 2: Reading: What's Next? Low Beginning Book 3 (30 min)

- Pass out **What's Next? Low Beginning Book 3** page 28 "Samsam Looks for a Job"
- Before you start reading the story, ask the students to look at the title. **Ask:** *What does 'looks for' mean? What do you think the story is about?*

- Next, ask the students to look at the picture. Discuss together what is happening in the picture.
- Next, read the story aloud to the students as they listen and follow along on their papers.
- Now it's the students' turn to read! Ask the students to go around the room (round-robin style) and take turns reading each sentence of the story.

Activity 3: Reading Comprehension (20 min)

- Pass out **What's Next? Low Beginning Book 3** page 29.
- Point out the word bank at the top of the page. Model #1 for the students, do #2 as a class, and ask the students to complete the rest of the exercises individually.
- Correct as a class.

Activity 4: Question Words/Question Formation (25 min)

- Pass out **Stand Out Basic Student Book** page 166.
 - **Part C:**
 - Go over the uses of *what*, *where*, *when*, and *who*. In addition to the examples in the table, try asking students personal questions such as: *Where do you live? When do you come to school? What do you do?* Show students the difference between each word by identifying what kind of information is being asked for.
 - **Note:** Forming questions will be complicated for students at this level. They are exposed here to the structure, but they won't acquire this structure at this point.
 - **Part D:** Do this exercise together as a class. Identify the question word and what it is asking for, and then ask students to find the appropriate answer.
 - **Skip Part E-F**

 - Ask students to identify what each question word is asking for (person, place, time, etc.).
- Pass out **Stand Out Basic Student Book** page 166 (students worked on this page yesterday, so some may have it with them).
 - Go over the chart briefly with the class. Focus more on the meaning of the question words than the formation of the sentences--students will learn more about that in level 3!
 - Go to **Part F** and read through the paragraph together--students will use this to answer the questions on the next page.
- Pass out **Stand Out Basic Student Book** page 167.
 - **Part G:** Do this activity as a class. Remind students about the differences between the question words, especially *when* and *where*. Sometimes, students have a problem distinguishing between these two words.
 - **Skip Parts H-I**
 - **Part J:** Ask students to independently answer questions about themselves. Once everyone has answered the questions, ask them to share their answers with a partner. If there is extra time, ask volunteers to share their answers with the whole class.

 - **Part G:** Go through the example together--then ask students to complete the remaining exercises independently.
 - **Part H:** Go through the example together (point out that these exercises will be in the negative). Then ask students to complete the remaining exercises independently.

- **Note:** Don't worry if students don't get all the words right away. They will be practicing using these words throughout the week.

Activity 2: Describe Problems in Your Home (30 min)

- Draw the following table on the board. Ask students to copy the same table into their notebooks. Create the table on a place on the board that will leave you space to write -- as you will keep this table up for a few activities.

Things that leak	Things that get stuck	Things that get clogged	Things that are broken
-------------------------	------------------------------	--------------------------------	-------------------------------

--	--	--	--

- Using this week's vocabulary words, fill in the table accordingly -- For example, **ceiling**, **faucet**, and **sink** can be categorized under **Things that leak**.
- Once you have filled in the table, you can begin putting together some sentences. Review the present progressive (subject + be + verb + ing), then create some sentences from the chart such as: *The ceiling is leaking. The sink is leaking. The toilet is clogged.* (note that you will only be using the present progressive with sentences using *leak*. Otherwise they can just use the word as is from the chart).
- Ask students to pick a couple of words from the table and create some sentences based on the table.

Activity 3: Who Fixes It? (20 min)

- Now that you've identified potential problems in an apartment / home, it's time to talk about who can solve these problems!
- Write on the board vocabulary words: *electrician, plumber, locksmith, building manager*.
 - Going back to the table you created together, go through the different categories and discuss who you would call to fix each type of problem (i.e. things that leak/get clogged = plumber). There may be multiple people you can call for one problem.

Activity 4: Dialogue (25 min)

- Pass out the **Describe Problems in your Home** dialogue worksheet (Worksheets Tab).
- Practice the first conversation (Harry and Joe) together as a class. Start by reading each line and having the class repeat after you. Then, ask the class to take on the role of Joe as you read the role of Harry. Once students become comfortable, switch roles.
- Next, ask students to look at the second dialogue on the page. Point out that this is the same dialogue, but the students will be substituting new information.
 - Work through an example together. Demonstrate to students how to substitute the words below to create new conversations.
 - Ask students to work in partners and continue the exercise with the rest of the words / phrases.
- If there is extra time at the end, ask volunteers to come to the front of the class and perform their dialogues.

 - Additionally, give Adam and Samsam a budget of \$1,200.00 per month to spend on rent and utilities.
- Next, pass out the **Apartment Ads** Worksheet (worksheets tab).
 - Read through the apartment ads together. Based on the criteria you created as a class, decide which apartment Samsam and Adam should rent.
 - This can be done all together as a class, or you can ask students to work in partners and ask pairs to present which apartment they think is best for Samsam and Adam and why.

Activity 4: Dialogue (25 min)

- Pass out the **Ask About an Apartment** Dialogue Worksheet (worksheets tab).
- Practice the first conversation (between Paula and the Landlady) together as a class. Start by reading each line and having the class repeat after you. Then, ask the class to take on the role of Paula as you read the role of the Landlady. Once students become comfortable, switch roles.
- Next, ask students to look at the second dialogue on the page. Point out that this is the same dialogue, but the students will be substituting new information.
 - Work through an example together. Demonstrate to students how to substitute the words below to create new conversations.
 - Ask students to work in partners and continue the exercise with the rest of the words / phrases.
- If there is extra time at the end, ask volunteers to come to the front of the class and perform their dialogues.

Final Review

Materials:

- **Vocabulary Master List** (Worksheets Tab)
 - **Stand Out Basic Student Book** page 189
 - **Stand Out Basic Workbook** page 129
 - **Lesson 53 Shopping Roleplay Slips** (Worksheets Tab)
-

Lesson preview:

- Calendar Question
 - Activity 1: Review Vocabulary
 - Activity 2: Read an Advertisement
 - Activity 3: Independent Practice
 - Activity 4: Shopping Roleplay
-

Calendar Question (15 min)

- Students copy the date on the top of their journal page.
- Students copy the calendar question and answer it.
- Teacher walks around, checks, and stars sentences.
- Teacher models asking the question.
- Go around the room and have students ask and answer the calendar question one at a time.

Activity 1: Review Vocabulary (20 min)

- For today's vocabulary review, refer to the **Vocabulary Master List** weeks 7-8.
- Split the class into two groups. Assign one group the task of creating a list of items you can buy in a grocery store. Assign the second group the task of creating a list of items you can buy in a clothing store.
- Give the groups 5-7 minutes to create their lists.
- Next, ask each group to present their list and write them on the board side-by-side. Add any words from the vocabulary list the students may have missed that you find important (don't feel obligated to get ALL of the food vocabulary on the board).
- Go over all of the words and make sure students remember their meanings.
 - You can use the pictures located in the worksheet tab as visual aids if needed.

Activity 2: Read an Advertisement (20 min)

- Before passing out the books, state the goal of this lesson: *Today we will review making purchases.* Help students understand the meaning of *purchase*.

- Pass out **Stand Out Basic Student Book** page 189.
 - **Part A:**
 - Go over the ad as a class. There may be some extra vocabulary words that students may not know, but since it's possible that they will encounter these words in the real world when they go to the store, help them discern what is important.
 - Go over the grammar box using how much is / how much are. Remind students that we use *is* with singular (paper is considered singular in English in the same way that hair is considered singular) and *are* with plural. Practice these phrases with the various items in the advertisement.
 - **Skip Part B**

Activity 3: Independent Practice (20 min)

- Now that you have practiced *How much is / How much are* as a group, students can practice this skill individually.
- Pass out **Stand Out Basic Workbook** pg. 129.
 - **Skip Part E**
 - **Part F:** Model #1, ask students to complete the remaining exercises individually. Correct as a class.
 - **Skip Part G**

Activity 4: Shopping Roleplay (30 min)

- The final activity will be a “speed dating” format. Split the class into two groups. Half of the class will be “vendors” and half of the class will be “customers”. Ask the vendors to sit on the outside of the tables, and the customers to sit on the inside, forming two half circles.
- Each vendor will receive a slip of paper with an item, a dollar amount, and a unit (i.e. pounds, set, each, etc...). Customers will face the vendors and practice a dialogue based on the information on the slip. Once everyone has completed their dialogue, the customers will move down to the next vendor. Once every customer has seen every vendor, the groups will switch places (i.e. customers become vendors, and vendors become customers). Then repeat the process.
- Before beginning the activity, pre teach the dialogue:

Example Slip: Grapes, pound, \$3.00

Customer: *Excuse me, how much are the Grapes?*

Vendor: *They are \$3.00 per pound.*

Customer: *Thank you. I'll take 2 pounds please.*

Vendor: *Thank you, have a good day.*

- Remind students that this is an example, and that each conversation will be different depending on the information they have.

- Circulate the class and assist students with their transactions. If there is extra time at the end. Ask a couple of pairs to come to the front and perform their dialogue for the class.
 - **Note:** This activity may be difficult for some students as they have to create their own dialogues on the fly. However, this will prepare students for more authentic daily interactions.

Lesson 54

Final Review

Materials:

- **Vocabulary Master List** (Worksheets Tab)
 - **Lesson 54 Vocabulary Review Worksheet** (Worksheets Tab)
 - **Stand Out Basic Student Book** page 42
 - **Phillips Neighborhood Map** (*Extra Map Activities* Bucket)
-

Lesson preview:

- Calendar Question
 - Activity 1: Review Vocabulary
 - Activity 2: Review Prepositions of Location
 - Activity 3: Giving Directions
-

Calendar Question (15 min)

- Students copy the date on the top of their journal page.
- Students copy the calendar question and answer it.
- Teacher walks around, checks, and stars sentences.
- Teacher models asking the question.
- Go around the room and have students ask and answer the calendar question one at a time.

Activity 1: Review Vocabulary (20 min)

- For today's vocabulary review, refer to the **Vocabulary Master List** weeks 5-6 (worksheet tab).
- Pass out the **Lesson 54 Vocabulary Review Worksheet** (Worksheets Tab).
 - For this activity, students will be organizing the vocabulary words into three categories: community places, transportation, and directions. Model one word for each category to help students get started.
 - Students can work individually or in pairs. Circulate the room and assist as needed.

Activity 2: Review Prepositions of Location (15 min)

- Before passing out the textbook, ask students if they remember *Prepositions of Location*, and if they can give any examples. If students are having a hard time remembering, write down one or two examples to get them started.
- Next, pass out **Stand Out Basic Student Book** page 42. Review the Prepositions of Location as a class.

Activity 3: Giving Directions (55 min)

- Before handing out the worksheet, **Ask:** *What is a map?* See if students can give you a definition or examples, or point to the one in the classroom.
- Next, Pass out the **Phillips Neighborhood Map** (*Extra Map Activities* Bucket) and wet erase markers and put students into pairs.
 - Ask students to find the school (remind them that the name of our school is *English Learning Center*). Once they have located our school on the map, ask them to circle it.
 - Next, ask students where in the neighborhood they can buy school supplies, and choose one to find on the map (will likely be Aldi or Dollar Tree). Ask students to circle it on their maps.
 - Finally, ask each pair to trace a route from the school to the store along the streets.
 - To aid your explanation of this activity, try using the document camera with one of the maps and modeling using a different destination.
 - While you're tracing your route for the class, say the directions aloud (e.g. "Go straight down Chicago Avenue, then take a right on Franklin ... The Franklin Library is across from Aldi." This will help prepare them for the next part of the activity.
- For the next portion of the activity, students will remain in pairs and work together.
 - Ask students to follow the route that they drew and write directions (like the example you previously gave. They will have to use vocabulary they have learned this semester such as: stop, turn, right, left, and go straight.
 - In addition, once they have written their directions, ask them to describe where the store is in relation to its surroundings (e.g. "The Franklin Library is across from Aldi"). Slower students may not get to this step, but it will be a good option for the more advanced students as they wait for other students to finish the activity.
 - Circulate the room and assist students with their directions as needed.
- If there is extra time at the end, ask students to come to the front of the room and "present" their directions -- they can put their map up under the document camera and show their route as they read aloud their directions verbally.

Lesson 55

Final Review

Materials:

- **Vocabulary Master List** (Worksheets Tab)
 - **Question Word Picture Cards** (Worksheets Tab)
 - **Organize What You've Learned Worksheet** (Worksheets Tab)
 - **Stand Out Basic Student Book** page 199
-

Lesson preview:

- Calendar Question
 - Activity 1: Review Vocabulary
 - Activity 2: Organize What You've Learned
 - Activity 3: Create a Schedule
 - Activity 4: Dialogue Practice
-

Calendar Question (15 min)

- Students copy the date on the top of their journal page.
- Students copy the calendar question and answer it.
- Teacher walks around, checks, and stars sentences.
- Teacher models asking the question.
- Go around the room and have students ask and answer the calendar question one at a time.

Activity 1: Review Vocabulary (15 min)

- For today's vocabulary review, you will focus on question words (who, what, where, when, how, why).
- First, go over the meaning of each word and what type of information it is asking for. If you need a visual to help explain, use the **Question Word Picture Cards** (Worksheets Tab).
- Next, write the following questions on the board:
 - *Who is sitting next to you?*
 - *What do you learn at school?*
 - *Where is your school?*
 - *When is your English class?*
 - *How do you come to school?*
 - *Why do you want to learn English?*
- Assign each student a question to answer (it's okay if you have to repeat a couple of questions). Circulate the room and check students' answers. Encourage students to use full sentences.

Activity 2: Organize What You've Learned (30 min)

- In this activity, students are going to review and organize everything they've learned throughout the semester. Draw the following table on the board:

Section	Textbook Pages	Example Vocabulary
Basic Communication (unit 2)		
Shopping (unit 3 and unit 4)		
Community (Unit 5)		
Health (Unit 6)		
Jobs (Unit 7)		

- Hand out the **Organize What You've Learned Worksheet** (worksheet tab), which will have this same table for the students to fill out.
 - Go through the first row together. Demonstrate to students how to read the table and find the pages in their textbook. Then find a few vocabulary words that students learned from this unit.
 - Put students in partners and ask them to complete the rest of the table. Circulate the class and assist as needed.
 - When everyone has finished (or mostly finished), fill out the chart on the board together -- give the slower students a chance to fill in some of the blanks they may not have gotten to.

Activity 3: Create a Schedule (30 min)

- Now you will transition into talking about schedules. **Say:** *Now that we have talked about how to organize what you've learned this semester, let's talk about how to organize your time so you can study the English you have learned.*
- Pass out **Stand Out Basic Student Book** page 199.
 - **Part D:** Read the chart together as a class. **Ask:** *What is a schedule? See if students can give a definition or an example. Then, ask the class about Liang's schedule. For example: *When does Liang eat dinner?* Show students that Liang studies at the same time every day.*
 - **Part E:** Ask students to answer questions 1-4, this will help them think about their own schedule and prepare them for the next activity. Make sure students understand that these questions are about their own lives

and not in reference to Liang's schedule. Once they have finished, ask them to share their answers with the person sitting next to them.

- **Part F:** For the final portion of this activity, students will be writing in their own schedules.
 - First, ask students to fill in the times on the left hand side of the table, just as they are written in Liang's schedule.
 - Next, tell students to use Liang's schedule as a model to fill in their own schedule. Circulate the class and assist students as needed.

Activity 4: Dialogue Practice (15 min)

- For the final activity, put students into partners. Ask them to refer back to the questions from **Part E**. In their partners, they will be practicing asking and answering these questions with a partner. If necessary, invite one of the more advanced students to model the activity with you.
- Circulate the class and assist students as needed. Encourage students to use full sentences when responding to the questions.
- If there is extra time, invite volunteers to perform their dialogue for the rest of the class.
